

John W. Emerson

Yale University
Department of Statistics and Data Science
24 Hillhouse Avenue, New Haven, CT 06511

Phone: (203) 432-0638
Email: john.emerson@yale.edu
Homepage: <http://www.stat.yale.edu/~jay/>

Education

Ph.D. Statistics, Yale University, 1994-2002. Dissertation: *Asymptotic Admissibility and Bayesian Estimation*. Advisor: John Hartigan, Eugene Higgins Professor of Statistics.

M.Phil. Economics, Oxford University, 1992-1994. Thesis: *Finite-Sample Properties of Sample Selection Estimators: Principles and a Case Study*. Topics of Study: Micro and Macroeconomic Theory, Industrial Organization, and Econometrics.

B.A. Economics and Mathematics, Williams College, 1988-1992. Honors Thesis in Mathematics: *Bayesian Categorical Data Analysis with Multivariate Qualitative Measurements*.

Academic Appointments

Professor Adjunct and Director of Graduate Studies, Department of Statistics and Data Science, Yale University, 2016-present

Yale-NUS Contributing Faculty, 2014-present

Associate Professor Adjunct and Director of Graduate Studies, Department of Statistics, Yale University, 2012-2016

Visiting Professor, Peking University, Summers 2007, 2009, 2014, 2017

Guest Professor, National Taipei University of Technology, Summer 2012

Associate Professor, Department of Statistics, Yale University, 2009-2012

Faculty Affiliate, Yale Center for Environment Law and Policy, 2006-present

Assistant Professor, Department of Statistics, Yale University, 2003-2009

Lecturer, Department of Statistics, Yale University, 2003

Graduate Instructor for special Data Analysis section for professionals offered at Pfizer, Inc., Groton, CT, 2001

Graduate Instructor, Department of Statistics, Yale University, 1996, 1997, 1999

Other Employment

NORC Advisory Committee on Statistics, Machine Learning and High Performance Computing

University of Maryland Pharmaceutical Research Computing Board of Advisors

R Workshops (at a variety of lengths and levels), at Roche, Genentech, US Cellular, The Hartford, West Point, the Federal Trade Commission, the Census Bureau, Uptake, Merck, the University of Maryland, and public workshops in New York and Washington.

Summer at Census, Washington, D.C., June 2014 and August 2015. Presented a week-long intermediate-level workshop on statistical computing with R.

Summer at Census, Washington, D.C., May 2012. Collaborated with statisticians on survey productivity and cost analysis projects.

Statistical Consultant, FBI and the U.S. Department of Justice, District of Connecticut, 2002-present. Perform study design and analysis for investigations of insurance and billing fraud.

Advisor/Consultant, REvolution Computing. Consulted on project design, strategic planning and open-source community involvement; taught training classes at Novartis, Sybase, and conferences.

Consultant, Pfizer, Inc., 2006-2009. Conducted analysis of electrocardiogram data and developed software in R for use by researchers.

Systems Administrator, Department of Geology and Geophysics, Yale University, 1999-2003. Performed Solaris/Linux/Windows systems design and maintenance (extensive Perl and shell scripting), supporting research and teaching of faculty and staff (full-time job while finishing Ph.D.).

UNIX Systems Administrator, Department of Statistics, Yale University, 1995-1999. Maintained departmental computing resources (part-time).

Marketing Research Consultant, CBS Network Television, 1996-1998. Developed software in C and Perl for exploration of Nielsen panel viewer data.

Academic Honors and Professional Memberships

John M. Chambers Statistical Software Award, 2010; with Michael Kane

Connecticut Academy of Arts and Sciences: Fellow (2009-present) and Treasurer (2012-2013), Vice-President (2013-present)

American Statistical Association: Member (1998-present), Secretary/Treasurer of the Section on Graphics (2010-2012), Program Chair and Newsletter Editor of the Section on Statistical Computing (2012-2013), Chair-Elect of Section on Statistics in Sports (2015), Chair of Section on Statistics in Sports (2016), Chair-Elect of Section on Statistical Graphics

Winner, Student Paper Competition of the ASA Section on Statistical Graphics, 1998

Dissertation Fellowship, Yale University, 1998-1999

Graduate Fellowship, Yale University, 1994-1998

Stirling Fellowship, Yale University, 1994-1996

Donovan and Moody Fellowships for graduate study at Exeter College, Oxford, 1992-1994

Class of 1960 Scholar in Economics, Williams College, 1992

Phi Beta Kappa and Sigma Xi, Williams College, 1992

Ph.D. Students

Chandra Erdman. Dissertation: *Bayesian Change Point Analysis with Applications to Microarray Data*, 2009

Michael Kane. Dissertation: *Scalable Strategies for Computing with Massive Data*, 2010

Taylor Arnold. Secondary non-dissertation advisor, 2012

Susan Wang. Dissertation: *Generalized Bayesian Change Point Analysis*, 2014

Patent

Cone-beam Computed Tomography on a Multimodal Imaging System. With Ming Jiang et.al, Peking University, 2010

Grant

Federal Express R09621, "Trade and Environmental Linkage Study," Principal Investigator (\$250,000, 2010-2011)

Additional Sources of Funding

Yale Center for Environmental Law and Policy, lead statistician on the 2010, 2012 (also Principle Investigator), and 2014 Environmental Performance Indices, presented at the World Economic Forum, Davos, Switzerland, 2009-present.

Yale-NUS, curriculum development and faculty hiring committee, 2012-2013.

Selected Refereed Publications

Esty, Daniel C., and John W. Emerson. "From Crisis and Gurus to Science and Metrics: Yale's Environmental Performance Index and the Rise of Data-Driven Policymaking." A book chapter, to appear (yes, I need details).

Kane, Michael J., John W. Emerson, and Stephen Weston (2013). "Scalable Strategies for Computing with Massive Data." *Journal of Statistical Software* 55.14: 1-19.

Hsu, Angel, Ainsley Lloyd, and John W. Emerson (2013). "What progress have we made since Rio? Results from the 2012 Environmental Performance Index (EPI) and Pilot Trend EPI." *Environmental Science & Policy*, 33:171-185.

Emerson, John W. (2008). "Review of Interactive and Dynamic Graphics for Data Analysis." *Biometrics* 64 (4), 1301-1302.

Emerson, John W. and Walton Green (2006). "The Spark Mat: a graphical method of exploring spatially distributed time series." JASA poster competition, 2006.

Work in Progress and in Submission

"Bayesian Change Point Analysis of Linear Models on Graphs." With Xiaofei Wang, in revision.

"OvSim: a Simulation of the Population Dynamics of Mammalian Ovarian Follicles." With Joshua Johnson, Xin Chen, and Xiao Xu, in submission.

"Small Estimated Placental Volume Predicts Low BW." With Harvey Kliman and Kim Murdaugh, in submission.

"Evaluation of steady-state visual evoked potentials in diabetic retinopathy." Mathew George, George Hu, John W. Emerson, Veena Rao, Ron Adelman, James Tsai, and John Huang, under review.

"A Comprehensive Rehabilitation Protocol for Lumbar Disc Replacement: The Straubing Rehabilitation Index." With James Yue et.al, under review.

"Minimalist Sufficient Statistics." John W. Emerson, in preparation.

R is for Racing. Book project with Colin Magee.

Engaging Data. Book project.

R Packages

STV (work in progress): Single Transferrable Voting (STV).

big.char (work in progress): extending **bigmemory** to handle big vectors of character data. <https://github.com/jayemerson/big.char>

big.data.frame (work in progress): extending **bigmemory** and **big.char** to support data-frame-like objects. <https://github.com/jayemerson/big.data.frame>

ShinyHelper (work in progress): a toolkit of wrapper functions for the automated authoring of Shiny applications. <https://github.com/jayemerson/ShinyHelper>

Bayesian change point analysis (with R and C/C++), with Xiaofei Wang and Chandra Erdman: package **bcp** (<http://cran.r-project.org/web/packages/bcp/>). A major new edition of the package was released in the summer of 2015.

A collection of tools for exploratory data analysis, with Walton Green: package **YaleToolkit** (<http://cran.r-project.org/web/packages/YaleToolkit/>), packages **barcode** (<http://cran.r-project.org/web/packages/barcode/>) and **gpairs** (<http://cran.r-project.org/web/packages/gpairs/>).

The Bigmemory Project (<http://www.bigmemory.org/>), with Michael Kane: a family of R packages (with R and C++) for scalable solutions to computing with massive data (package **bigvideo** available on R-Forge, **bigmemory**, **biganalytics**, **bigtabulate**, **bigalgebra**, and **synchronicity** available on CRAN).

A package for the efficient distribution of Boost libraries, with Michael Kane, Dirk Eddelbuettel, JJ Allaire, and Romain Francois: package **BH** (<http://cran.r-project.org/web/packages/BH/>).

Analysis of electrocardiogram QT/TQ data, with Robb Muirhead: package **QTTQ** (used internally at Pfizer, Inc.).

Methods for one-sample goodness-of-fit tests with discrete distributions, with Taylor Arnold: package **dgof** (<http://cran.r-project.org/web/packages/dgof/>).

Committees and Service

At Yale University

Jonathan Edwards College Master and Dean Search Committees, 2016
Department of Statistics committee on new undergraduate and graduate programs in Statistics and Data Science, 2016-present
Faculty of Arts and Sciences Senate Implementation Committee, 2014-2015
Department of Statistics Director of Graduate Studies, 2006-2007, 2012-present
Department of Statistics Admissions Committee, 2006-present
Department of Statistics Statistical Consulting Clinic Faculty Lead, 2003-present
Quantitative Reasoning Committee, 2008-present
Secretary of the Fellows, Jonathan Edwards College, 2007-present
Bookie to the Fellows, Jonathan Edwards College, 2006-2013, 2015 (revenues support undergraduates with financial emergencies)
Organizer, 50th Anniversary Celebration, Department of Statistics, 2012-2013
Volunteer Instructor, Yale Center for Analytical Sciences Summer Young Scholars Program (teaching New Haven area high school students), 2010-2012
MCDB 900 Annual Guest Lecture: "Statistics and Statistics at Yale," 2010-present
Bates Fellowship Committee 2007-2012
Quan 199 Guest Lecture Module: Quantitative Methods across the Disciplines, 2007
Jonathan Edwards Senior Essay Awards Committee, 2007-2008, 2011, 2014-2015
Department of Statistics Computer Committee, Chair, 2003-2009
Teaching & Learning Committee, 2005-2007
Teaching & Learning Portal Advisory Committee, 2005-2007
Library Hiring Committee, Social Science Data Librarian, 2005-2006
Department of Statistics Hiring Committee, 2004-2006
Department of Statistics Library Coordinator, 2003-2006
Bioinformatics Admissions Committee, 2003-2005
Graduate Coordinator, Hall of Graduate Studies, 1998-1999
Dean's Committees, Yale Graduate School, 1995-1997: McDougal Committee (designing the new Graduate Student Center); Kutzinski Committee (reviewing the Teaching Fellow Program)

Outside of Yale University

Yale-NUS Contributing Faculty Visitor, 2016.
NORC Advisory Committee on Statistics, Machine Learning and High Performance Computing, 2015-present
ASA Traveling Course (one of four in the ASA), 2016
Honors Examiner, Swarthmore College, 2012, 2014, 2015
Chair, American Statistical Association Section on Statistics in Sports, 2016
Vice-President, Connecticut Academy of Arts and Sciences, 2013-present
Associate Editor, Computational Statistics, 2011-present

Associate Editor, Journal of Statistical Software, 2010-present
 Newsletter Editor, American Statistical Association Section on Statistical Computing, 2013
 Program Chair, American Statistical Association Section on Statistical Computing, 2012
 Treasurer, Connecticut Academy of Arts and Sciences, 2012-2013
 Reviewer, *Theoretical Biology and Medical Modeling*, *Bioinformatics*, *The R Journal*, *The American Statistician*, *Journal of Industrial Ecology*, *International Journal of Biostatistics*, *Journal of Marketing*, *Journal of Computational and Graphical Statistics*
 Secretary/Treasurer, American Statistical Association Section on Statistical Graphics, 2010-2012
 Program Chair Elect, American Statistical Association Section on Statistical Computing, 2011
 Board of Directors, Yale Co-op, 1995-1999

Teaching

Courses at Yale University

Stat 662, Statistical Computing (created the course), 2008, 2011, 2012, 2014, 2017
 Stat 661, Advanced Data Analysis, 2003, 2004, 2006, 2009
 Stat 627, Statistical Consulting (created the course), 2003-present
 Stat 626, Practical Work, 2007, 2008, 2009, 2011-present
 Stat 625, Case Studies, 2003-2006, 2008, 2009, 2011-present
 Stat 242/542, Theory of Statistics, 2003
 Stat 230/530, Introductory Data Analysis, 2004, 2011-present
 Stat 128, Real-World Statistics (created the course), 2009
 Stat 100, Introductory Statistics (initiated the course version) 2005, 2006, 2007

Other Teaching

“2017 Data Science Immersion: An Intensive Course in Data Analysis and Statistical Computing with R,” Peking University, summer 2017
 “Data Analysis and Statistical Computing Immersion” for faculty and students, Peking University, summer 2014
 “Introductory Statistics,” National Taipei University of Technology, summer 2012
 “An Intensive Course in Data Analysis with Statistical Case Studies,” Peking University, summers 2007 and 2009

Conferences, Presentations and Workshops

Invited Speaker, *Hedging Risk in Tumbling Markets: Systematic Tactical Asset Allocation Strategies and Quantitative Investment Models*. Zurich, 2017.
 Invited Speaker, *Facts of Life: Real-World Data Are Messy*. Joint Statistical Meetings, Chicago, 2017.
 Organizer, *Open Source Statistical Software for Data Science*. Joint Statistical Meetings, Chicago, 2017.
 Conference presentation, *Topics in High-Performance Computing with R*. 12th International Meeting on High Performance Computing for Computational Science, Porto, 2017.

Programming and Data Science with R. The Federal Trade Commission, 2016.

Conference workshop, "High-Performance Computing with R." ENAR 2016.

Invited speaker, Yale Center Beijing, "Having Fun with Big Data." 2016.

Inaugural speaker, Center for Data Science, University of Sri Lanka, 2015.

Invited speaker, University of Kuala Lumpur, 2015.

AT&T Research Seminar: "Statistics in Sports: From Probabilities to Predictions." New York, 2015.

An Introduction to R and *Intermediate R*. US Cellular, 2014 (2 workshops), 2015 (2 workshops).

Invited speaker, "Topics in Statistics in Sports." Liberty Mutual Statistical Forum, 2015.

Seminar speaker, "Topics in High-Performance Computing with R." University of Connecticut, 2015.

Data Science with R. School of Pharmacy, University of Maryland, 2015.

Conference presentation, "Preparing Students for the Future of Statistics." Joint Statistical Meetings, Seattle, 2015.

Summer at Census weeklong statistical computing with R workshop, Census Bureau, 2015.

Keynote Address, "The Changing Landscape of Statistical Computing." RBras Conference, Presidente Prudente, Brazil, 2015.

HPC with R masterclass, RBras Conference, Presidente Prudente, Brazil, 2015.

Conference presentation, "Visualization technologies don't mislead people – people mislead people." Augsburg, 2015.

Mini-workshop for non-profit, ConnCan, New Haven, 2015.

Invited speaker, "Further Growth of the Bigmemory Family of Packages." New England Statistical Symposium, 2015.

Seminar speaker, Xi'an University, 2015.

Seminar speaker, Xidian University, 2015.

An Introductory R Workshop for SAS Professionals. Genentech, 2014, 2015.

Parallel Processing and Big Data in R. Chicago R Meetup, 2014.

An Introduction to Shiny. Chicago R Meetup, 2014.

An Introduction to R for Programmers. Federal Trade Commission, 2014.

HPC in DC. A one-day public workshop on high-performance computing with R, 2014.

An Introduction to R for Non-Programmers and *An Introduction to R for Programmers*. Public workshops in New York, 2014.

An Introduction to R for Teachers. Two-day workshop at the West Point Military Academy, New York, 2014.

Intermediate R. Roche Pharmaceuticals, 2014.

Summer at Census weeklong statistical computing with R workshop, Census Bureau, 2014.

An Introduction to R. The Hartford insurance company, 2014.

Invited Speaker, "The Web According to Emerson", Columbia University, 2013.

Invited Speaker, Joint Meeting of the IASC Satellite Conference for the 59th ISI WSC and the 8th Conference of the IASC-Asian Regional Section, Korea, 2013.

Invited speaker, data visualization workshop, Census Bureau, 2013.

Program Chair for the Section on Statistical Computing, Joint Statistical Meetings, Montreal, 2013.

R in Finance, 2013.

Organizer, 50th Anniversary Celebration, Department of Statistics, Yale University, 2013.

An Intermediate R Workshop, McKinsey & Company, 2013.

Seminar Speaker, Department of Biostatistics, Brown University, 2012.

Introduction to Data Visualization and Analysis with R. Co-instructor, continuing education course, Joint Statistical Meetings, San Diego, 2012.

Presenter, Joint Statistical Meetings, San Diego, 2012: "Visualizing and Interacting with Data Over the Web."

Organizer and Chair, Joint Statistical Meetings, San Diego, 2012: "The Evolution of Statistical Graphics and Visual Analytics."

Workshop on R. Workshop for faculty and students, Vassar College, 2012.

An Introduction to R. Workshop with consulting, World Resources Institute, Washington, DC, 2012.

Towards High-Performance Computing with R Workshop, ENAR, Washington, DC, 2012.

Presenter, R in Finance, Chicago, 2012: "Towards Terabytes of TAQ."

Invited Speaker, Achieving Sustainable Development in Africa International Conference at the University of Pittsburgh, 2012: "Lessons Learned from the 2012 Environmental Performance Index."

Invited Speaker, New Haven Connecticut R Meetup, 2012: "Getting started and being productive with the R language."

Presenter of the 2012 Environmental Performance Index (press conference), World Economic Forum, Davos, Switzerland, 2012.

Invited Speaker, Predictive Analytics World and the New York Predictive Analytics Group, 2011: "Bayesians, Frequentists, and Big Data: Musings on Statistics in the 21st Century."

Invited Speaker, Seoul National University, Korea, 2011.

Organizer, Invited Session, Joint Statistical Meetings, Miami 2011: "The Future of Statistical Computing Environments."

Organizer and Speaker, Topic Contributed Session, Joint Statistical Meetings, Miami 2011: "Statistical Analyses of Judging in Athletic Competitions."

Invited Speaker, Statistical Methods for Very Large Data Sets Conference, Baltimore, 2011.

R in Finance, Chicago, 2011.

Invited Speaker, American Association for the Advancement of Science, Washington, DC, 2011.

Presenter for expert review panel, Yale Center for Environmental Law and Policy, Washington, DC, 2010.

Presenter, Chicago R-Meetup, 2010.

Seminar series speaker, Yale Center for Analytical Sciences, 2010.

Invited Speaker, seminar/workshop series, UNICAMP, Campinas, Brazil, 2010.

Invited Speaker, seminar/workshop series, IME-USP, Sao Paulo, Brazil, 2010.

Invited Speaker, IM-UFRJ, Rio do Janeiro, Brazil, 2010.

Invited Speaker, Boston University, 2010.

Invited Speaker, Census Bureau, Washington, DC, 2010.

Presenter, User! Topic Contributed Session, Washington, DC, 2010.

Presenter, Interface 2010 Topic Contributed Session, Seattle, 2010.

Presenter, New York City R-Meetup, 2010.

Invited Neyman Seminar Speaker, University of California, Berkeley, 2010.

Invited Speaker, Choate Rosemary Hall, 2010.

Invited Speaker, Bristol-Myers Squibb, 2010.

Department Seminar Speaker, Yale University, 2010.

Invited Seminar Speaker, Middlebury College, 2010.

Presenter, New York City R-Meetup, 2010.

Presenter of the 2010 Environmental Performance Index (press conference), World Economic Forum, Davos, Switzerland, 2010.

"60 Years: Antony Unwin. Mathematisches Festkolloquium." Augsburg, Germany, 2010.

Department Seminar Speaker, Biostatistics, Yale University, 2009.

A hands-on introduction to R. Workshop co-instructor, Annual Meeting of the American College of Clinical Pharmacology, San Antonio, 2009.

Presenter, User! Focus Session, Rennes, France, 2009.

Speaker, Rmetrics Workshop, Meielisalp, Switzerland, 2009.

Speaker, Chinese Environmental Performance Index Workshop, Hong Kong, 2009.

Invited Seminar Speaker, Department of Statistics and Mathematics, Vienna University of Economics and Business Administration, Vienna, Austria, 2009.
